

Service on the move

Zoder, now in the third generation, developed during the last 80 years from a forwarding agency to a specialist for consolidated transport. We operate in the Hamburg area, the Hamburg Freeport as well as in national and international transport.

The employment of state-of-the-art Telematik and data processing enables us to progress together with our customers into the future.

Our core business includes:

- **Consolidated transport** within Germany and Europe in **24/48 hours**
- The organisation of **international transports**
- The transport of part loads and general cargo
- **Warehousing** and **order picking**
- **Customs clearance** and **import documentation**

As a customer oriented service company we concentrate on the needs and requirements of our customers at all times.

Zoder stands for grown modernity and flexibility with a traditional base.
